**Modern organizations are undergoing technical transformation. As Hotels becomes more global and more entrepreneurially, business leaders will need broader skills to succeed.**

**Our constant endeavor to impart value based education and develop average student into a hospitality professional have made BVCHTMS , Navi Mumbai being counted as one of the top leading private Hotel Management Institutes in India. The longstanding legacy of BVCHTMS, Navi Mumbai, affordable fees and transparent admission policy have always attracted brightest students from all over the country. Our distinguished faculty members always focus on holistic development of each student. The biggest strength of BVCHTMS lies in a proactive learning approach and detailed academic course of action that has prepared the students to do tremendously well in various demanding situations of the Hospitality and Service sector.**

**Our approach at BVCHTMS is to continually strive to create Industry-Academia Interface for our students. We are constantly working towards understanding needs of the industries and develop our students' skill-sets, so that rich pool of talented students will be created. Over the years, we have been expanding the number of recruiters and campus placements**

**We arrange activities like, Guest Lectures, Projects, Case Study Presentation, etc., on regular basis to engage our students with luminaries of Service sector.**

**I wish the students of this batch grand success in their accomplishments and believe that they will make remarkable contributions to the Hospitality world.**
