

INDUSTRIAL TRAINING – USHO 401

Semester - IV

1. Exposure to Industrial Training is an integral part of the 4th semester. The class would be divided into two groups or as the case may be. The 20 weeks industrial training would be divided into all the major departments of the hotel.
2. Industrial Training will require an input of 120 working days i.e. (20 weeks x 06 days = 120 days).
3. For award of marks, 50% marks of IT would be on the basis of feed-back from the industry in a prescribed Performance Appraisal Form (PAF). It will be the students responsibility to get this feed-back /assessment form completed from departments of the hotel for submission to the institute at the end of Industrial Training. For the remaining 50% marks(10%-Presentation Skills,10% Viva, 10% Log Book and 20% Training Report) students would be assessed on the basis of seminar / presentation before a select panel. A hard copy of the report will also have to be submitted to the panel.
4. Responsibilities of Institute, hotel and the student / trainee with aims & objectives have been prescribed for adherence.
5. Once the student has been selected / deputed for industrial Training by the institute, he / she shall not be permitted to undergo IT elsewhere. In case students make direct arrangements with the hotel for Industrial Training, these will necessarily have to be approved by the institute. Students selected through campus interviews will not seek Industrial Training on their own.
