Course Management

Create different courses and assign it to the respective instructors. You may create both theoretical and practical courses along with electives. Easily assign the elective subject to selected learners. In case of shared courses, assign multiple instructors to one course.

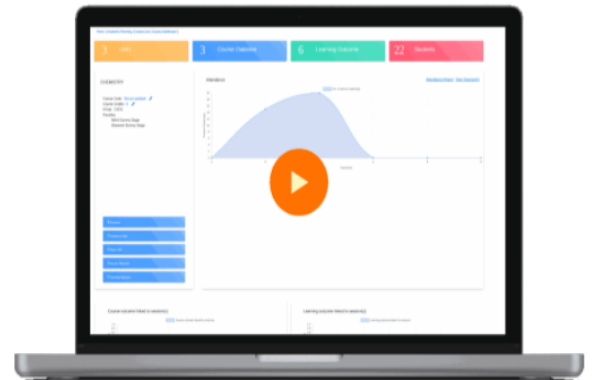

Syllabus Management

Easily maintain the syllabus for the courses along with the subtopics. Divide them as per the teaching hours. Link with course outcomes and unit outcomes. Once the syllabus added, it will automatically generate the session plan based on hours given to each topic.
