## *Institutional Preparedness for NEP 2020:*

- Bharati Vidyapeeth's College of Engineering for Women Pune is affiliated to SPPU and interdisciplinary courses like Database Management, Cloud Computing, Deep Learning, Humanities and Social Science, Business Intelligence, etc. are included.
- The institute encourages students to adopt a multidisciplinary approach and guides them to develop projects in areas like medical, agricultural, and environmental applications as a part of final-year projects. Regularly project competitions are arranged during technical festivals, providing an opportunity for students to exhibit their skills and make a meaningful impact. These projects are evaluated by judges to assess their quality and innovation.
- Various audit courses, including Ecology & Environment, Urbanization & Environment, Human Behavior, Japanese Language, Start-up and Ecosystem, Intellectual Property Rights, Leadership and Personality Development, etc. are offered, which fosters a multidisciplinary learning platform for the students. The Institute organizes life skill sessions for the students which helps them to enhance their abilities for success in both personal and professional aspects of life.
- Guest lectures, covering topics like Gender Sensitization, Cervical cancer, energy audit and its conservation, Nirbhaya Kanya, Women health and self-defense, Workshop on electric vehicles for smart cities, Green electric power generation, etc. to provide multidisciplinary and holistic education are organized.
- The Institute encouraged students to open an Academic Bank of Credits on the ABC portal [www.ABC.gov.in](http://www.ABC.gov.in) and proactive step towards implementing the NEP's recommendations have been taken by the institute by creating ABC IDs for all students.
- The NEP emphasizes skill development, which is in line with the institute's mission to prepare competent engineers. To achieve this emphasis on skills, the institute has taken initiatives for skill development by promoting student's participation in various activities like internships, various workshops, industrial trainings (e.g. Zensar ESD training), certification courses and extension activities of NSS etc. which help students to enhance practical skills along with theoretical knowledge.
- Various sessions on Yoga and meditation are organized. Capacity-building programs for students, emphasizing a value-based education approach are conducted.
- Faculty members employ a bilingual mode during classroom teaching, seamlessly integrating English with Marathi/Hindi. This facilitates a deeper understanding of concepts, as faculty provide explanations and real-life examples in the local languages, ensuring effective communication and comprehension for all students.
