no

The teachers more emphasizes on lectures, attendances irrespective of whether students are get or not.
Understanding nd gaining should get priority than spending all the energy in the assignments and attending colleges
students should get more exposure to all the extra curricular activities .

Satisfactory

Na

to give extra curriculum activity

The teachers more emphasizes on lectures, attendances irrespective of whether students are getting it or not.
Understanding nd gaining should get priority than spending all the energy in the assignments and attending colleges
students should get more exposure to all the extra curricular activities .

Satisfactory

Na

to give extra curriculum activity

Other activities are required

More focus should be given on weaker student rather than always appreciating topper ones
.. Experienced faculty with a good communication should be provided especially mechanics
...students should be given some moral support ...

Everything cant be perfect so there are some loop holes.

Teaching methodolgy is concetuly.

very sincerely

extra activities can be introduced,overall its good.

Vert Good

OK

Very Good

1) Provide practices session regarding placement.

Provide with Printers

quality skills

It must be interactive

To give more exams and minimize assignment load

no need

need to improve

Less burden of assignments
More focus on practical sessions
Orals must be conducted widely

To improve extracurricular activities..

Not satisfactory

E Learning , Practically Knowledge, All Good teach

E Learning , Practically Knowledge ,concept Clear On Projector

Audio visual teaching

External lecture must be taken through LCD atlesat

Make use of black board

1. By conducting Quiz
2. By conducting micro teaching sessions

More practical knowledge

Good

Nice

Excellent

No suggestions

Needs more practical implementation

provide proper softwares

Should explain the algo properly

Use of projectors should be reduced as teachers just read out ppts
It's nt of use..

understand the students problems

need of practical session

nothing to improve

Friendly environment for students to encourage their performance.

overall good

Air conditioning in classrooms

Punctual

more details about basic

more detail about topic

internships should be provided

1.use blackboard for problem solving
2.teach clear and easy to understandable for student
3.learn the topic and then explain to student very poor teaching level

need some curriculum activities in college

Being more clear about concept and discussing concept in depth

more case studies and real life examples should be taken

1. Discuss the unit test papers.
2. tell the students how the answers are supposed to be written.
3. give the guidelines to students about writing answers through the answer key gi

more practical knowledge

no suggesion

Wish i would have not taken admission here.

students should be provided oppourunity to present topics,
expert lectures are needed on some topics for best understanding,

More of practical imlementation should be there for every subject

More application based teaching
Programming practice

everything is best .

_

proper guidance, encouragement, proper monitoring of students

1. There should be more co-operation from the administration section towards students.
2. The store must be open always.
3. There should be more workshops for technical skill development.
