Subject: Submission of Stakeholder Feedback Summary and Proposed Syllabus Enhancements.

Dear Sir,

The Department of Electronics & Telecommunication, Bharati Vidyapeeth's College of Engineering for Women, Pune has collected feedback on Syllabus and its transaction in the institute. The insights received from students, teachers and employers have been instrumental in delineating our academic framework.

Outlined below are the summarized insights derived from each stakeholder group:

Students:

The final year students have shown a desire for the integration of advanced tools inside their academic curriculum.

Teachers:

Teachers have expressed final year students should have maximum software based subjects.

Employers:

Employers have expressed internships should be provided to the students preferably in hardcore industry for better understanding of the current trends and practical exposure.

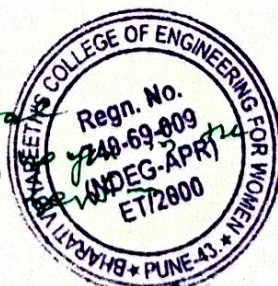

Your attention to this matter is greatly appreciated, and we eagerly anticipate your continued support as a member of our departmental advisory board in our collective pursuit of academic excellence.

Warm regards,

Prof. Dr. S. R. Patil

Subject: Submission of Stakeholder Feedback Summary & Proposed Syllabus Enhancements.

Dear sir,

The Department of Computer Engineering, Bharati Vidyapeeth College of Engineering, Pune has collected Feedback on syllabus & its transation in the institute. The insights received from students, teachers, alumni and employers have been instrumental in delineating our academic framework.

Outlined below are the summarized insights derived from each stakeholder group:

Students:

Final Year Students requested curriculum should include project-based approach with recent and updated technology.

Teachers:

Fundamental Programming Languages like C, C++ should be included in First year course.

Employers:

Need for programming courses like C, and C++ which develop the system- level implementation capability of the students.

Basic concept of each subject should be clear, and students should try to implement this by their own. Students are lagging in practical implementation. More assignments should be planned for hands-on experience.

Alumni:

Hands-on training, at least Proficiency in one language, good Internship.

Considering the invaluable feedback from our stakeholders, we are steadfast in our belief that the proposed enhancements will effectively equip our students to navigate the opportunities that lie ahead.

Your attention to this matter is greatly appreciated, and we eagerly appreciate your continues support as a member of our departmental advisory board in our collective pursuit of academic excellence.

Subject: Submission of Stakeholder Feedback Summary and Proposed Syllabus Enhancements.

Dear Sir,

The Department of Information Technology, Bharati Vidyapeeth's College of Engineering for Women, Pune has collected feedback on Syllabus and its transaction in the institute. The insights received from students, teachers, alumni, and employers have been instrumental in delineating our academic framework.

Outlined below are the summarized insights derived from each stakeholder group:

Students:

Final-year students have emphasized the importance of incorporating recent and updated technologies into the curriculum to ensure relevance and competitiveness in the job market.

Teachers:

Faculty members have highlighted the necessity of including fundamental programming languages such as C and C++ in the first-year courses to provide students with a strong foundation in computer science and programming principles.

Employers:

Employers have expressed a strong preference for programming courses like C and C++ that develop students' system-level implementation capabilities, which are crucial for meeting industry demands and expectations.

Alumni:

Alumni have stressed the significance of nurturing awareness about startups and entrepreneurship through academic initiatives, recognizing the need to inspire and equip our students with the skills and mindset required for entrepreneurial success.

Considering the invaluable feedback from our stakeholders, we are steadfast in our belief that the proposed enhancements will effectively equip our students to navigate the opportunities that lie ahead.

Your attention to this matter is greatly appreciated, and we eagerly anticipate your continued support as a member of our departmental advisory board in our collective pursuit of academic excellence.
