National Service Scheme

Tree Plantation Awareness Program

Date: 12/08/22

Duration in Days: 01

Venue: Taljai

Number of Participants: 50

On 12th August 2022, the NSS unit of Bharati Vidyapeeth's College of Engineering for Women, along with the teaching faculty members and NSS program officer Prof. S.A. Itkarkar and Prof.Dr. Sonali Kadam visited the 'Taljai Tekdi' for Tree plantation. Our Principal Prof.Dr. S.R. Patil also joined the NSS unit and encouraged the initiative.

The need for tree plantation has become even greater these days because of the growing pollution in the environment. Tree plantation involves transplanting tree seedlings to grow forests and spread greenery around. As Taljai is a popular spot of attraction for local people, it was the chosen spot for Tree plantation. All the volunteers and teachers participated in this program. The work included digging pits, planting various saplings, watering trees, and cutting weeds. Students planted saplings of a few of the medicinal plants, flowering plants. Alongside the volunteers, the volunteers also spread awareness regarding the importance of trees by slogans and 'Save Trees' posters. Overall program was a good success. The locals applauded the NSS unit's action since it was an effort to make our surrounding green.

It is high time that we the residents of this planet, appreciate the importance of tree plantation and start contributing for a greener planet.

National Service Scheme

Ganesh Idol making

Date: 27/08/22

Duration in Days: 01

Venue: BVCOEW, Library

Number of Participants: 50

27TH AUGUST 2022, BVCOEW, Katraj, the NSS unit of Bharati Vidyapeeth's college of engineering for women, along with other college teaching faculty and NSS program officer Prof. S. A. Itkarkar and Prof. Dr. Sonali Kadam, visited for Ganesh idol making program. Principal of Bharati Vidyapeeth Women's college Dr. S R Patil also joined the NSS unit in support of this good initiative.

Ganesh idol making program is conducted at Bharati Vidyapeeth's college of engineering for women. Number of students participated in making of Ganesh idol was 50. This event was organized to put forth the point that nowadays for market purpose holy idols are made using 'POP' material which is very harmful for environment. But this idol can be made naturally using 'SHALUMATI' which easily degrades and do not harm to the environment. Also, it is cost effective and can be made on our own in houses. The Mentors from 'Fine Arts College of Bharati Vidyapeeth' were invited to teach and guide the students about the art of making Ganesh Idols. They taught us, how to get started with making a base first and, then designing as per our own imagination of how we portray in our minds, lord Ganesh. Everybody's idol were made so gracefully, that they were happy and enjoyed such a beautiful experience.

So, this event was a successful one as every participant after this event had beautiful idol made in their hands with their own imagination and believes. This helps save our environment of non-biodegradable wastes.

BVCOEW students conducted ganesh idol making activity on occasion of ganesh chaturti on 27th august 2022 at college.

National Service Scheme

Cleanliness Drive

Date: 01/10/22

Duration in Days: 01

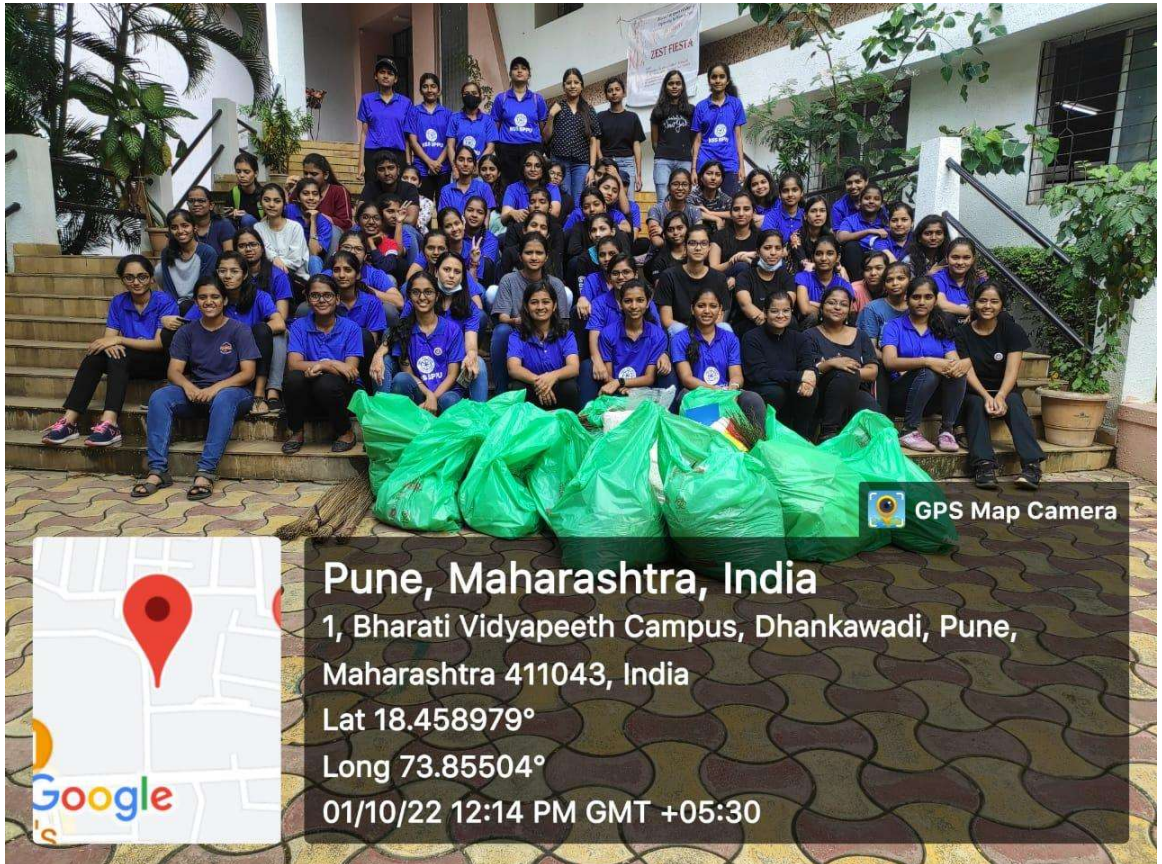

Venue: BVCOEW

Number of Participants: 240

The NSS Unit of Bharati Vidyapeeth's College of Engineering for Women in Pune organised a cleanliness drive in the campus itself on February 2, 2022. This activity was attended by around 13 volunteers from the NSS unit, as well as NSS program officers Prof. S A Itkarkar and Prof. Dr. Sonali Kadam.

The volunteers cleaned the area around the S.M. Joshi bridge by picking up debris and sorting it into dry and wet waste. They filled garbage bags and disposed them properly. They also attempted to raise public awareness about the need of hygiene. It really made a lot of change in the society which was much needed.

This activity was carried out in order to urge students and the people of the city to keep their surroundings clean and to appreciate the value of a clean environment. This effort of the NSS unit was highly appreciated by the locals.

National Service Scheme

Agriculture and Information technology

Date: 26/02/223

Duration in Days: 01

Venue: Shriramnagar

Number of Participants: 100

Seven day residential camp of National Service Scheme was organized under Savitribai Phule Pune Vidyapeeth. the strength of volunteers was 100. The program officer was Prof.S.A.Itkarkar. February 26 was fourth day of nss camp. On this day, many programs were conducted, Agriculture and Information Technology was one of them.

In this seminar, the speaker was Mrs.Sayali Raje Mahadik. In this session she told the use of Agriculture in IT sector. She is qualified in B.SC agriculture. She shared her life experience about competitive exams related to IT and agriculture. She also advised how the agricultural education is important for country's growth.

She also gave information about the problems faced by farmers and the alternate solution we can use. We can tell farmers that how technology is enhanced and helping farmers in agriculture. How farmers get information by just sitting at home.

At the end, answer and question session were there in which volunteers asked some doubts to speaker. The conclusion of this session was information about agriculture specially use in the IT department. Villagers while giving us their feedback said that the agricultural aspect of the event provided us with valuable insights and knowledge. The demonstrations on modern farming techniques, crop management, and sustainable practices were highly informative.
