## **POLICY BENCHMARKS TO ASSESS LEVELS OF LEARNERS**

The college runs two law degree programs. One is three years LL.B. and the other is five years BA LL.B. The admission process to both degree programs is governed by the Admission Regulating Authority, Mumbai based on score of Law CET exam conducted by CET Cell Mumbai. The college has formulated a policy in place to assess the learning levels of learners. The policy is based on the outcome of the academic year of each program.

### **1. For entry level learners-**

The college classifies the students admitted to the first year of a three-year LL.B. and five-year BA LL.B. as advanced learners and slow learners based on their MAH-LAW CET Score. Because the CET score is based on the assessment of legal aptitude, logical reasoning, English language, Math/quantitative aptitude, and General knowledge. The benchmark for advanced learners is set 75 & above marks of MAH-Law CET and below 75 marks are identified as slow learners.

### **2. Post first-year Learners-**

The college has adopted continuous evaluation process of CBCS pattern in which each student is assessed 100 marks in each course in which 70 marks are assigned to theory exam of affiliating university and 30 marks are assigned to internal termwork/practical work conducted by course teacher. Learners are forwarded to the next year from the previous year based on their performance and outcome of obtained marks and grades. At this level, each learner is assessed based on his/her obtained marks in previous university exams that consist of theory and practical evaluation of students. The benchmark of 60% & above is classified as advanced learners and below 60% are slow learners.

**3. During the Online Evaluation period-** From April 2020 to December 2021, the affiliating university had opted for online exams in MCQ pattern due to pandemic era. The college changed the benchmark from first class (60%) to distinction class (75%) to classify advanced learners and slow learners.

#### **4. Special programs for different learners-**

**4.1 Required Skills** - An effective and skilled lawyer requires various skills and competencies to enlarge his career in the legal profession. Some of them are drafting skills, argumentation skills, presentation skills, research bent of mind, analytical skill, logical reasoning, debating and mooted skills, linguistic skills and so on.

**4.2 Skills based courses-** For first year students of each program, after their admission to the college, we conduct the foundation course/analyzer program so as to find out the strengths, skills, potential of students and their weaknesses from the legal education and profession point of view. The main focus is on linguistic skills including reading, writing and understanding of English language, drafting skills, debate and argumentation skills, research and analytical skills etc. After knowing their potentials, skill-enhancing courses and activities are organized for them in the college so as to polish, enlighten and enhance their professional skills.

**4.3 Intensive study program** – the college organizes intensive study programs for slow learners in which comprehensive study for students is covered in a short span of time. Teachers highlight key issues of the curriculum in a simple manner to slow learners. Mother tongue is used for easier understanding of students.
