About the Theme

The first consumer protection legislation Consumer Protection Act, 1986 was introduced with the primary objective of protecting consumer rights. Over the past 20 years, the consumerism in India has seen a paradigm shift with the advent of technology and the introduction of e-commerce.

On July 20th, 2020, the new Consumer Protection Act, 2019 came into force in India, replacing the previous enactment of 1986. The Consumer Protection Act, 2019 received the assent of the President on 9th August 2019.

The majority of the provisions of the Act have been notified vide notification dated 15th July 2020 and has been brought into effect from 20th July 2020.

The object clause of an Act is to provide for protection of the interests of consumers. We have witnessed the change and outcome of the earlier Act of 1986. Now it is time to predict the arousing outcome and alarming effects of this new law of 2019.

The success of any legislation depends upon its acceptance and application. The 'consumer' to be a real king must be aware about his rights and laws available to protect his rights. Different dimensions co-exist with the consumerism, aspects like e-commerce, advertisement, services and so on. These aspects are inevitable now in our private as well as social life. The intellectuals, academicians, bureaucrats, market players, forums, NGOs, dispute settlement agencies and many others are involved in this spectrum. The seminar will ponder upon varied facets of consumer protection laws.

MINUTES OF INAUGURAL SESSION:

At the outset, Mr. Satish Mane advanced a welcome and introductory note of the webinar in which he warmly welcomed and felicitated to the dignitaries and participants of webinar. He added the very need and objective of the webinar. He further explained the main theme and sub themes. He then wished greetings to all and concluded his welcome note.

Greetings from Hon. Dr. Vishwajeet Kadam: he expressed his greetings and warm regards towards the dignitaries and participants of webinar. He also congratulated three law colleges for organizing such wonderful and important webinar during the pandemic.

Address by Guest of Honor: Hon. Shri Kiran Bagi, Registrar (Judicial) - High Court of Bombay at Goa Bench has delivered his address on the topic of changes in consumer laws. At the beginning he felicitated organizers for organizing national webinar. In his address he stated that considering the needs of the people, the Consumer Protection Act, 1986 was enacted. However in the global scenario, tremendous changes in trade, commerce, social conditions and

adoption of E-commerce, the Act of 1986 was not able and sufficient to cater to the needs of the people. So legislature has enacted the Consumer Protection Act 2019. As we know that, whenever an old Act is repealed and new law is enacted, it is equally important to study the radical changes between the two. The new law has widened horizon right from the definitions up to the enhancing the pecuniary jurisdiction of the District, State and National Commissions. Even the names of the Forums have changed as Commissions. The disadvantages of old Act are encountered and new provisions are enumerated regarding e-commerce, e-filing, unfair trade practices, procedure for appeal. Mediation is an important thing which is introduced by this new Act. Mediation is an alternative disputes Resolution. So, all these new features and radical changes will be meticulously discussed under the guidance of the eminent chairpersons and the resources persons of the various sessions. At the end he expresses his gratitude towards participants and organizer.

Presidential Note: Hon. Dr. Indrajeet Mohite, Vice-President, Bharati Vidyapeeth, Pune chaired the inaugural session. He felicitated organizer and participants of webinar. He then stated that the focus today being on the new Consumer Protection Act, 2019 which has come into effect from 20th July 2020, unfortunately bang in the middle of pandemic which has necessitated this webinar. The process of protecting the consumer interest is paramount, especially due to advent of technology and the introduction of e-commerce, paradigm shift of the market, advertisement assurances and services. The consumer must be made aware regarding his right in this multi factorial scenario. Hence, the need to explain the Act and its application to all our participants, so as to benefit the society at large, that this Webinar is being held on World Consumer Rights day is altogether befitting and appropriate. Over the next few hours, our participants will be enlightened regarding the provisions of the Act, its implementation, its execution and possible outcomes, Redressal of the disputes and penalties. We hope that this effort will be enlightening to all participants and beneficial to all and wish you the very best in your endeavor to further consumer rights wherever you may be situated.

Key Note Address: Dr. Pratapsinh B. Salunkhe, Former Principal, DES Law College, Pune delivered keynote address of the webinar and opened the themes for further discussion. He stated that the Consumer Protection Act was long awaited legislation right from 1950. So alongwith constitution, in fact, we were expecting another legislation that was the consumer Protection. But in the first phase, it took almost 36 years to enact the first legislation of the consumer rights and that was the Act of 1986. The first, we witnessed the amendment in 1991, then in 1993 and then in 2002. It has widened the scope and ambit of the Consumer Protection Act, 1986. So, these amendments were really important. But for this time, we were not complacent with those amendments and that is why, entire new legislation, a brand new legislation, which we have enacted because those amendments were not witnessed by us, those were not perceived by us as sufficient because time is changing very fast and we have to keep pace with the changing circumstances and that is the thing which we have to keep in our mind and that is why, 2019 Act has been enacted which aims to manage the consumer grievance in a quick and efficient manner. It should not happen that the person is unhappy, person is aggrieved by a particular defect in service or defect in goods and it is taking years together to settle that particular grievance and that is what, which is the real objective behind the enactment of this legislation. He covered all aspects of consumer law enacted in 2019 along with its pros and cons.

About Seminar...

*After a grand success of National Seminar on 'Demonetization: The Rise or The Fall' as a debated issue in the year 2018-19, it is decided by organizing committee of these Law Colleges to organize national seminar on one of the important topic **'Justice for all' in the Process of Social Transition: Issues and Challenges.'***

Indian civilization is in the process of transition. As a welfare State, it is bound to deliver justice to all. Access to justice is a basic principle of the 'rule of law'. Ubi Jus ibi remedium, the Roman maxim says- Every right when it is breached must be provided with a right to a remedy. Access to justice depends on public confidence in the justice system. It is an ability of people to seek and obtain a justice through formal or informal institutions in compliance with human rights standards. There is no access to justice where citizens, especially marginalized or vulnerable groups fears the system, and do not access it. In this background it is the duty of the intellectuals to deliberate and address such complexities.

Objectives of this seminar are-

- > *To have deliberation on the concept of Justice and social transition.*
- > *To discuss various aspects of justice.*
- > *To discuss the impediments in the delivery of quality justice.*
- > *To prepare comprehensive report of the discussions.*

ABOUT THE THEME & SUB-THEMES

- > *Justice for Labour, Farmer etc.*
- > *Justice for Tribal groups, Minorities etc.*
- > *Justice for Women, Children etc.*
- > *Justice for Prisoners, Migrants etc.*
